This form is for University of Minnesota Twin Cities undergraduate students only.

WHY DO I NEED TO COMPLETE THIS FORM?

Having a documented conversation with your academic advisers prior to studying abroad will help you make a more informed decision about which courses to take while you are overseas and provide you with a record of the decisions made. Your academic advisers may be able to point out additional considerations for you that are specific to your major, minor, or college of enrollment.

Being aware of how your study abroad coursework can potentially fulfill your requirements can help you complete degree requirements more efficiently and quickly, helping you graduate on time.

INSTRUCTIONS

Step 1: Research course offerings for your study abroad program and find out what degree requirements you need to fulfill.

Step 2: List your desired study abroad courses and alternate choices on this form. If specific course titles are not available, list the subjects you want to study. Then check the boxes for the degree requirements you want each course to fulfill.

Step 3: Schedule appointments with your advisers to discuss course selection and degree plan. Do this early, since advisers’ schedules sometimes fill several weeks in advance. Consult the back of this form for suggested topics to discuss during your advising meeting. All students must meet with a college adviser. In addition, consult the advisers listed below if you have specific needs:

Step 4: Bring your Advising Handbook to each appointment for reference. Bring course descriptions and/or syllabi if possible. Advisers will write their comments next to each course you have listed on the form, then sign the form. Ask your adviser to remove any advising holds effective during your study abroad and the term immediately after your study abroad.

Step 5: After you have met with your advisers, sign the form. This indicates that you understand how to use courses toward your degree.

Step 6: Upload completed form to your confirmation checklist. Keep a copy for your records.

Step 7: When you return from abroad and your coursework has been posted to your University of Minnesota transcript, bring a copy of the Academic Planning Form and any related course materials back to your advisers to apply coursework to your degree requirements.

If you or your advisers have questions about completing this form, call the Learning Abroad Center at 612.626.9000.

ACADEMIC PLANNING FOR STUDY ABROAD FORM

This form helps determine the connection between degree requirements and study abroad coursework. Regardless of college of enrollment, University of Minnesota students wanting to fulfill degree requirements for study abroad must submit this form to the Learning Abroad Center at least one month prior to departure. Attach a separate sheet if needed. Advisers’ signatures on this form give an assessment of how credits may be used, but do not guarantee credit or applicability of courses toward degree requirements. Advisers may need to review course materials upon your return before making a final decision.
