The Bridging Loan is a no-interest/no-fees program designed to assist students who do not immediately have funds available to cover their program deposit and flight booking costs, enabling the student to pay for these costs with their financial aid package. The Bridging Loan will cover these costs until the program fee is billed to the student account. The Bridging Loan DOES NOT cover other upfront costs such as passports, visas, medical visits, etc. Those need to be paid for directly by the student before their financial aid disbursement.
