

BARCELONA SAMPLE INTERNSHIP LIST

INTRODUCTION

EXAMPLES OF PAST PLACEMENTS

Please note that the following sites are a brief cross-section of current CAPA internship host sites and should not be considered as a guaranteed location for your placement. All internship & service learning placements will be dependent upon each individual applicant's application documents, prior experiences, demonstrated skills and their aspirations and goals.

<p>Barcelona Metropolitan</p> 	<p>The Barcelona Metropolitan is Barcelona's premier magazine with up-to-date features and information for English speakers living and travelling the city. The Metropolitan includes tips on day-to-day living, visiting and is the essential guide to what's on in the city.</p>
<p>Celebreak</p> 	<p>CeleBreak is Europe's most exciting amateur football community. CeleBreak has one passion: football.</p> <p>CeleBreak's mission is to make sure that everyone is able to play football in a way that fits their preferences and their lifestyle. They offer daily pick up football, competitive leagues and thrilling tournaments. Now operating in Barcelona, Valencia and Berlin; it's bringing football to the people. It's often difficult to organise a game of football, not knowing where to play, or who to play with... CeleBreak is the solution. Everyone is welcome, all levels of play, men and women's football, to provide you with the most sociable football experience Europe has to offer!</p>
<p>Komodore</p> 	<p>Komodore is a chatbot service that assists in the management of vacation rentals on behalf of the host, throughout their guest's stay.</p> <p>Through our platform, the host can explain everything their guest needs to know about the apartment and offer hotel services like transfers to the airport, food delivery, gym, a city guide, and much more.</p> <p>Our vision is to provide the vacation rentals sector with an artificial intelligence system that improves the quality of the service, increases the level of self-management and makes better use of resources.</p>

<p>Las Muns</p> 	<p>Las Muns is a small food production company started in 2012.</p> <p>Las Muns rethinks the idea of an empanada introducing new and unconventional ingredients from around the globe. The company started as a small takeaway shop and has since grown to have 9 locations around Barcelona.</p>
<p>MakeEat</p> 	<p>Makeeat is an experienced team in the gastronomic-technological field, without limits, with a lot of passion for what it does and that constantly seeks to improve and learn to provide solutions and innovation to the gastronomic landscape. At Makeeat we explore the gastronomic universe through new technologies.</p>
<p>The Food Intelligence Company</p> 	<p>The Food Intelligence Company is a company in the food and nutrition sector which make available to their partners, disruptive innovation processes that allow a repositioning of more competitive products and brands, with a global market vision and accompany the different actors in the communication & marketing fields (consumer, media, administration, etc.).</p> <p>Some of their services include the creation of innovation strategies, building or “fixing” corporate reputations and the development of new business opportunities.</p>
<p>WifiTakeAway</p> 	<p>WifiTakeAway provides affordable portable Wifi hotspots for travellers visiting Europe. By removing the stress of finding wifi around an unfamiliar city, WifiTakeAway helps connect travellers to the Internet.</p>
<p>Booklyng</p> 	<p>Booklyng is a start-up who is changing the way hotel bookings are made online by adding real time intelligence and personalization technology to hotel websites. We are part of the Telefonica acceleration program for start-ups (Wayra) and our offices are based in the headquarters of Telefonica, sharing a vibrant space along with other start-ups, in an extremely stimulating and enriching environment. We have built a powerful intelligence engine that can manage and improve any touch point along the booking journey experience of any customer, in conjunction with a powerful platform of personalization tools. Our offices are based in Madrid and Barcelona, Spain.</p>

<p style="text-align: center;">CERO</p> 	<p>We are CERO, a Multidisciplinary Studio grown up in Barcelona. One of Europe's larger Agencies merging Design, Engineering, Simulation, Composite, Prototyping and Testing, all under one roof.</p>
<p style="text-align: center;">GTD</p> 	<p>GTD is a high-tech company, committed to the design, integration and operation of complex, mission-critical applications and systems throughout the world.</p> <p>We have an experienced team which carries out projects of great technical difficulty and state-of-the-art systems in the space, aerospace and energy industries, as well as scientific facilities, critical infrastructures and maritime and port facilities, making GTD the ideal choice for your projects.</p> <p>The quality policy and the excellence and strength of the team have always been our priorities.</p>
<p style="text-align: center;">Kimaldi</p> 	<p>Kimaldi manufacture and distribute high quality identification hardware since 1998. We are experts in biometrics RFID and OEM products. The organisation designs, produces and distributes a wide range of high quality products based on their own technology and I+D expertise. One of Kimaldi's goals is to keep their devices continuously up to date.</p>
<p style="text-align: center;">The Book of Every</p> 	<p>We created The Book of Everyone as a gigantic heart-thumping, grin-inducing, lip-wobbling celebration of the individual. Your mum, your son, your lifelong friend, your local baker and smile-maker. Because everyone needs to feel loved and unique. And knowing that you share 50% of your DNA with a banana or a billion atoms with Shakespeare is really very important.</p> <p>Founded by creative directors Jonny Biggins, Jason Bramley, and Steve Hanson, the idea was sparked when Steve purchased all the newspapers on the birth of his son Saul as a keepsake for his 21st birthday (please don't tell him, he still doesn't know). They set to work on creating a personalisation platform that could instantly create a book tailored to anyone, stuffed full with curious facts and curveball miscellany, all set against a backdrop of world events.</p>

PERSONAL PROFESSIONAL DEVELOPMENT

Through their internship and extra-curricular activities, we work to help students develop the following skills:

1. **Networking:** The ability to intentionally and purposefully connect and interact with others in order to develop professional and social relationships.
2. **Communications:** The ability to receive, interpret and articulate information and ideas effectively.
3. **Remote Collaboration:** The ability to utilise IT resources to connect virtually with others and achieve collective goals and objectives.
4. **Global Perspective:** To develop skills required to live and work in an interdependent world through forming an understanding of connections between one's own life and those of people across the globe.
5. **Cultural Awareness:** To develop an understanding of oneself, others and to embrace and appreciate diverse and complex perspectives, values and beliefs.
6. **Organisation, Time Managements and Prioritisation Skills:** The ability to achieve identified outcomes by using your time, energy and resources in an effective and productive manner.
7. **Problem Solving:** The ability to find solutions to difficult or complex issues and to manage moments of uncertainty or ambiguity.
8. **Adaptable:** The ability to adjust oneself readily to different conditions and environments.
9. **Goal Setting:** The ability to identify, form and implement actions that will guide you towards predetermined aims and objectives.
10. **Career Based or Vocational Skills:** The development of specific knowledge or abilities related to an occupation.
