

# Sydney Abroad Internships

Industry or Research Placement (ARTS2600)

THE UNIVERSITY OF  
SYDNEY

## Do you want to maximise your Study Abroad experience whilst at the University of Sydney?

This is a unique opportunity to immerse yourself in Australian business culture and shape your future career. Apply for Sydney Abroad Internships ([ARTS2600](#)), a 6 credit point unit of study which includes a 120 hour\* industry or research work placement.

\*minimum 120 hours placement can be increased if necessary for credit transfer back to home university

### About the Unit of Study

There are four intakes for 2019:

- Summer Session, Jan - Feb (8 weeks)
- Semester 1, March - June (13 weeks)
- Semester 2, July - Nov (13 weeks)
- Short Term A, June - July (6 weeks)

The unit requires completion of a minimum 120 hours placement and the following assessment tasks:

- 5 professional development workshops
- 4 Blackboard discussions (200 words each)
- 4 reflective journals (400 words each)
- 1 final project report (2500 words)

Taking the internship unit, ARTS2600, contributes no extra fees and students receive a final grade that appears on their University of Sydney transcript.

## The Internship Placement

Our host partners offer placements in the following roles and industries. This list is non-exhaustive and we may be able to accommodate other placement areas.

### Industry

- Accounting, Economics and Finance
- Advertising, Marketing and Sales
- Business and Management
- Charity and Conservation
- Education and Tutoring
- Engineering and Information Technology
- Events, Public Relations and Social Media
- Government and Policy
- Media and Communications
- Retail and Fashion
- Science and Research

### Research

Students are hosted by an academic from the University of Sydney to learn research methods and assist with a research project in their field of study.

## Benefits

Sydney Abroad Interns have the chance to develop familiarity with Australian workplace culture while applying their academic learning in real workplace situations. They also enhance their communication, cross-cultural and interpersonal skills, and gain a competitive advantage in the graduate employment market by developing global connections.

## Eligibility

Applicants for Sydney Abroad Internships need:

- A cumulative GPA of 3.0 or higher on a 4.0 scale, or 'C' or better on the ECTS grading scale
- To have completed at least 1 year of university study

## Placement

After accepting your offer, you will receive an email containing a catalogue of all internship opportunities for the coming semester (the Internship Handbook). You will be asked to list several preferences and the internship team will match students on a best-fit basis with our high quality host partners. Skype interviews and final placement will be completed for the majority of students before you arrive in Sydney.

Placement is **competitive** and based on key performance indicators such as GPA, prior academic studies, and skillset, as well as the interests of the applicant and host. Though every effort is made to place all eligible applicants, placement is competitive and **not guaranteed**.

## How to apply

During the online Study Abroad application process, tick the box indicating your interest in the Sydney Abroad Internship. Your resume and cover letters will be requested at a later date, through a separate application process.
